

**END OF YOUNG GIRL'S CAR CHASE** — The wreckage of a car is strewn over Hutchinson River Parkway in New York City after it was hit by the auto in right background, driven by a young girl identified by police as Christine Nyström, 16, Mt. Vernon, N.Y., killed in the crash was Richard H. Sperling, 47, Newton, Conn. Police said the girl sped away from them when they recognized her in a car with Ohio license plates. The car had been stolen. In the chase she drove 100 miles per hour and after the crash she ran from the scene and had to be captured. She suffered only a minor cut. She was charged with vehicular homicide and grand larceny.

## No Accidents Are Reported December 31

One Minor Accident Occurred New Year's Day, Another Today

The New Year's holiday came and went with Pettis County getting by without a reportable accident, while in Sedalia proper nothing occurred New Year's Eve, and one minor accident occurred in the afternoon on Jan. 1.

The City of Sedalia's traffic record improved again and held fast to no fatalities on the city streets from traffic during the year. It was the fifth straight year Sedalia has had no traffic fatalities.

Further more accidents reported and investigated likewise took a cut, there being but 516 for the year of 1957 as compared to 537 in the year of 1956. However, injuries went up three there being 96 hurt during the year and only 93 were reported in 1956, none of a critical nature, however.

Chief of Police Edgar Neighbors praised his entire police force for its enforcement of the city's traffic rules and laws, but paid tribute to the hundreds of Sedalia motorists who cooperated in obeying and watching their driving in such a manner that the record improved.

Sgt. E. W. Van Winkle reported none of the other three State Highway Patrol Troopers, nor himself, had any calls over New Year's Eve and through Jan. 1, for accidents on the highways outside the City of Sedalia in Pettis County. This, too, is something of a record.

Pettis County's fatality record took a drop. Five persons lost their lives in Pettis County during 1957 from traffic accidents, while in 1956 seven persons died from injuries received in traffic accidents. A more complete report on the county and eight-county area will be announced as soon as all figures have been compiled by Troop A, Lee's Summit, and Troop F, Jefferson City, of the State Patrol.

The first accident of the year in Sedalia resulted at 8:40 p. m. Wednesday night at 503 East 16th between two motor vehicles both headed west on 16th.

Involved was a 1952 Ford sedan driven by Allen Wickliffe, 640 East 16th, and a 1950 Ford sedan owned by A. H. Spellmeyer, 2501 South Ohio, which was parked. The front end of the Wickliffe car was damaged and the left rear end of the Spellmeyer car was damaged.

The second accident occurred at 9:30 a. m. Thursday at Tenth and Park and involved a 1954 Ford station wagon driven by Medora Stroup, 315 East Third, owned by Larry Riley, 307 East Fourth, and a Cadillac sedan driven by Ira DeJarnette, 11th and Limit.

The left rear fender on the Stroup car was damaged and the front end of the DeJarnette car was damaged.

## Slow Warmup Forecast For State Thursday

KANSAS CITY (AP) — It will be a slow warmup for Missouri.

The weatherman says it won't be quite so cold tonight and expects lows of 5 to 10 in the extreme north to the mid-20s south by morning. Friday's highs will be in the 20s northwest to the lower 40's south.

Among the lowest readings in the state this morning were St. Joseph with zero, Kirksville with 4 and Farmington, Kansas City and West Plains with 11.

## Man Waives Hearing

HARRISONVILLE, Mo. (AP)—R.B. Swadley, 22-year-old Pleasant Hill Mo., greenhouse employee, today waived preliminary hearing on a first degree murder charge. Swadley, charged in the shooting last Monday of his foreman, Hugh Louis Cain, 58, was captured at Monett, Mo., the following day.

## New Year Road Toll Is Record

Tabulation Includes 157 in Traffic, 14 in Fires, 20 Others

By THE ASSOCIATED PRESS  
New Year traffic deaths set a record for a one-day celebration of that holiday.

The total also exceeded the toll of 130 predicted by the National Safety Council.

It fell far short of the 225 lives lost on the streets and roads in the recent one-day Christmas observance.

A tabulation today that included delayed reports showed deaths between 6 p. m. Tuesday and midnight Wednesday numbered 157 in traffic, 14 in fires and 20 in accidents of other types for an overall total of 191.

Ned H. Dearborn, NSC president, said "this toll is a jolting reminder that, along with the threats of war from overseas and of new and bigger Sputniks from outer spaces, this nation faces a relentless enemy from within that is making a mockery of our claims to leadership in civilized living."

"How long can America endure or tolerate such a needless drain on its manpower? Let us hope that 1958 will bring a stop to this slaughter."

## Holiday Cruise Turns Into Gunpoint Ordeal

KEY WEST, Fla. (AP)—A Winter Park family's holiday cruise turned into a 14-hour gunpoint ordeal when three teen-agers boarded their yacht and demanded to be taken to Mexico.

A note smuggled ashore brought rescue for Richard Sias, his wife and four children.

Officials considered bringing charges of kidnapping and even the archaic crime of piracy against the youths, all from San Antonio, Tex.

Appearance before Criminal Court Judge Thomas S. Caro was scheduled at Key West for Mike Moore, 17, and two boys whose names officers withheld as juveniles.

Sias, 53, a packinghouse machinery manufacturer, his wife Phyllis, 50, sons, David, 14, and John, 10, and daughters Jane 15, and Bobby, 13 were shaken but physically unharmed.

The three youths boarded the sumptuous 40-foot power yacht Fiesta II at Craig in the Keys New Year's Eve. They pointed a .22-caliber rifle at the Siases and said, "Keep quiet, we'll tell you what to do," Sias related.

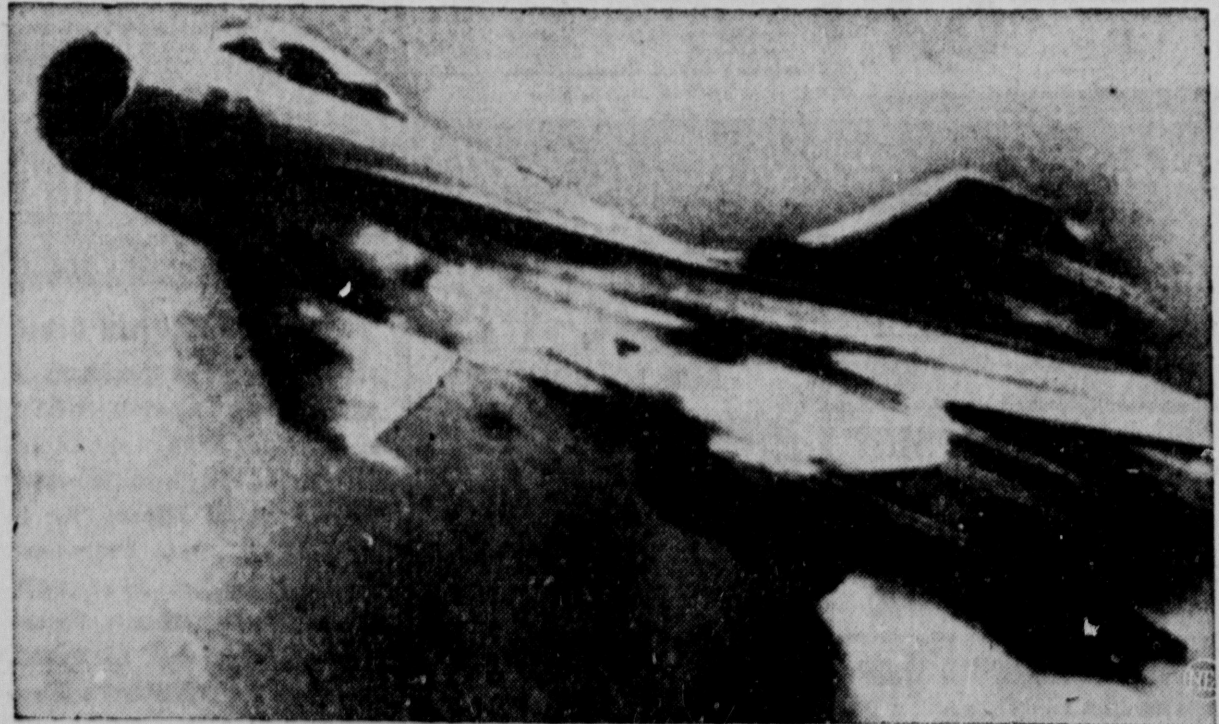

"They were polite and didn't use any foul language," he said, "but they kept the gun on me and my wife and made me do what they wanted."

Sias said the boys first insisted they should take off right away for Mexico. He persuaded them it would be necessary to take on more fuel, obtainable only the next morning.

Among the articles were auto tires, barbecue equipment, ammunition, blankets, food and motor oil.

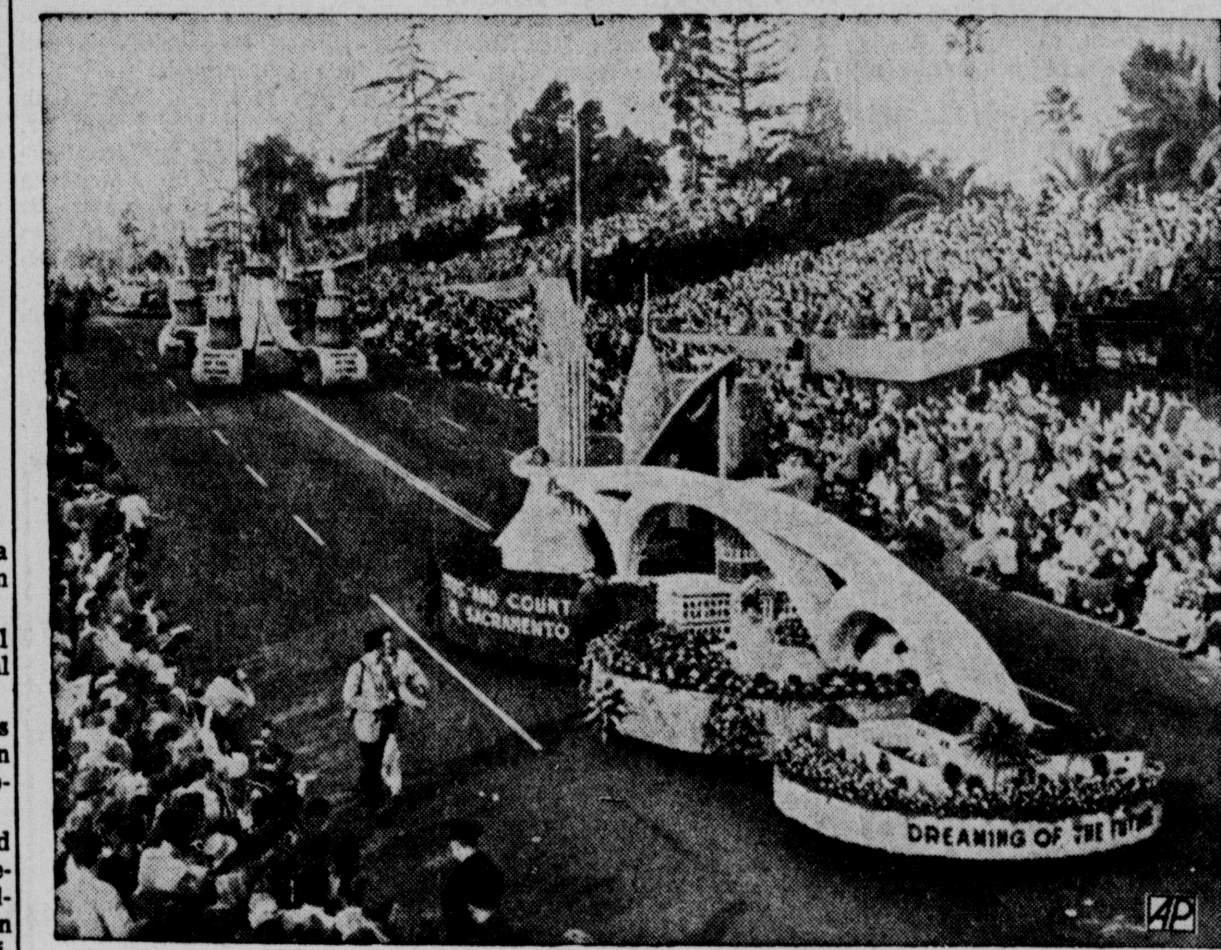

Raiole said the lads told him they ran away from home Saturday and drove to St. Petersburg in an automobile owned by the parents of one lad. They spent Monday night camping on Miami Beach and then headed for the Keys. There they spied the Sias yacht and decided it would make a first-class craft in which to reach Mexico.

## Senate Group Seeks Money For Veterans

Thurmond Asks To Continue Home Loans

WASHINGTON (AP)—A group of senators led by Sen. Thurmond (D-SC) launched a drive today to pump new life into slowed down veterans home loan programs. Among other things, they want more money for direct loans.

The VA home mortgage guarantee program for World War II veterans now is due to expire in July, and the veterans administration has virtually run out of funds for direct housing loans to veterans.

Thurmond has asked the Senate Banking Committee for prompt action to continue both and make them more vigorous. Committee sources said quick action of some sort is likely.

The mortgage insurance program for Korean War veterans is covered by a separate law which will continue it through 1962, and it is not involved in the current effort.

In a letter to Sen. Sparkman (D-Ala) chairman of the Senate Housing Subcommittee, Thurmond contended subsequent events have knocked the props from under arguments advanced by President Eisenhower in vetoing a veterans housing bill passed by Congress last summer.

The bill Eisenhower vetoed would have put up an additional 200 million dollars for direct housing loans by the VA to veterans in rural and small town areas who were unable to borrow at interest rates up to 4 1/2 per cent. The bill would also have extended the GI loan program into 1959.

In killing the measure, Eisenhower termed it discriminatory, contending it would provide relief in the rural areas but not in the big cities. Eisenhower also said he considered the 4 1/2 per cent limit was unrealistically low in light of the going interest rates in the money markets at the time. Congress had refused to approve the 5 per cent interest ceiling the administration had recommended for guaranteed loans.

## Brown Resigns His Post After Payoff Testimony

CHATTANOOGA, Tenn. (AP)—Harold E. Brown, who admitted passing \$1,000 to Judge Raulston Schoolfield after being sentenced to a three-year prison term for receiving and concealing stolen property, resigned today as assistant Hamilton County District attorney general.

Brown said he was asked to resign in a letter from his superior, Dist. Atty. Gen. W. Corry Smith. He said Smith informed him the resignation would be advisable in view of recent testimony before the Senate Rackets Investigating Committee in Washington.

Brown, named an assistant to Smith in March, 1956, would say nothing more than that he was resigning and that he was going back to general law practice.

The prosecutor was questioned in Washington in the case of

## Rebel Center Said Taken This Morning

Scattered Pockets Of Revolutionists Being Mopped Up

CARACAS, Venezuela (AP)—The government of President Marcos Perez Jimenez announced before dawn today that it had crushed an air force revolt in less than 24 hours.

The army chief of staff, Gen. Romulo Fernandez, in a broadcast said the rebellious garrison at Maracay, center of the revolt, had been taken by government forces at 3:30 a. m.

Fernandez added, however, that scattered pockets of rebels were being mopped up.

The army chief repeated the claim by President Perez Jimenez in a broadcast last night that the rest of the country—the world's No. 2 oil producer—was completely calm.

Fernandez said that the rebel leaders fled by air. He reported that Aurelio Ferrero Tamay, commander of the Maracay garrison and governor of the state of Aragua, had been restored to his post along with his chief aide, Maracay is the capital of Aragua state.

Ferrero Tamay and other officials had been seized by rebel troops at 5 a. m. yesterday, Fernandez said.

At 4 a. m., this morning, Fernandez continued, 25 air force planes from bases at Palonegro and Boca del Rio in Maracay were at the main Caracas airport in the service of the government.

In Caracas itself, street lights were turned on, ending the brown-out imposed by the government as a defense against rebel planes.

Air force units at Maracay launched a very sudden rebellion against the government early New Year's Day, sending jet planes 30 miles east from Maracay to Caracas, the capital, before dawn.

Perez Jimenez said anti-aircraft fire hit one of the raiders and forced it to land at this skyscraper city's airport.

The President told the nation in a broadcast that the rebels at Maracay were disorganized from lack of a single command and warned the airmen to give up their fight or be slaughtered. The nation's principal airfield is at Maracay.

The short, pudgy Venezuelan general won another five-year term only last Dec. 15 in a plebiscite which gave the voters a chance to vote only yes or no. He had no opponent.

The revolt caught the government during the early morning while New Year's Eve revelry was still going on. For hours the only countermeasures were the ack-ack fire and a steady stream of threats and cajolery by the government radio.

Perez Jimenez claimed continued control over Caracas and ordered a wartime brownout against air attacks. He also warned against rumors and kept a strict press censorship in force.

## First 1958 Baby Born in Evening, New Year's Day

For having the first New Year's baby born in Pettis County Jan. 1, 1958, indications are that Mr. and Mrs. Fred Evans, 1312 New England Drive, are entitled to numerous gifts offered by Sedalia merchants including appropriate ones for the baby as well as for the parents.

A son weighing eight pounds, four ounces, was born to them at 11:48 p. m. Wednesday, Jan. 1, at Woodland Hospital. Gifts for the baby include suitable necessities for the infant, toys and other useful things.

Mr. Evans is office manager for the Routzong Motor Co. His wife, Mrs. Maxine Evans, is the former Miss Maxine Rathbone, who at the time of their marriage was living at Siloam Springs, Ark. They have three other children, Charles, Randall and Terry Evans.

No decision had been definitely reached as to the name for the child up to midday Thursday.

To receive the awards, any other eligible parents should have the hospital, or doctor, call the First Baby Contest Editor, Sedalia Democrat-Capital within 48 hours after midnight Dec. 31, 1957. The child's sex, weight and the name and address of parents is required.

This is for the first baby born in 1958 in Pettis County and whose parents reside in Pettis County.

## MoPac Calls 130 Men Back to Shops Jobs

Good news for the first working day of 1958 was posted at the Missouri Pacific shops today in the form of a call back to work of 130 men in the coach department. They will report to their jobs this coming Monday, according to Superintendent Harry Kelly.

Meanwhile, it was reliably reported that full production will probably be resumed at the Pittsburgh-Corning glass plant about Feb. 1.

## Will Publish Report About Foreign Tours

WASHINGTON (AP) — Chairman Burleson (D-Tex.) said today the House Administration Committee soon will make public summaries of amounts which touring congressmen spent from U.S.-held foreign currencies in 1957.

But Burleson indicated the figures given out would not show how much any individual House or Senate member used out of the counterpart funds. These funds are in foreign currencies put up to match American foreign aid programs.

The spending data—probably by committee totals without any names—would parallel the limited information made public in the aftermath of the 1955 row over reported high spending in what was then a record year for congressional travels abroad.

Burleson spoke in an interview after an informal survey showed 1957 was another banner year for what the congressmen themselves commonly call junkets.

The incomplete count, gathered from committee and other sources indicated that more than 180 House and Senate members journeyed outside the continental United States in 1957. The 1955 count was more than 200.

Some committees declined to give any information on the politically touchy subject, and it could not be determined whether last year's total exceeded the 1955 record.

The 180 total of announced travelers was fairly evenly divided, 97 Democrats and 83 Republicans. The House supplied 139 of the tourists and the Senate 41.

Many congressmen say their foreign travels are valuable and necessary to their task of helping direct the U.S. government with its far-flung activities, and that they do a lot of work on their trips. Others call the tours joyrides at the expense of the U.S. government. Some go alone, others in groups.

The counterpart fund arrangement for congressmen was described as working like this: Legislators overseas can sign for counterpart funds but do not have to report how they spend it, as executive branch officers do. Their nonitemized receipts go to the State Department. They are accountable only to their committees for how they spend the money, and practices vary from committee to committee.

In addition to counterpart funds, regular committee funds may also be used. Another aid is free rides on government craft.

## US May Give A-Fuel For French Submarine

NEW YORK (AP) — The United States is planning to provide France with designs and fuel for atomic-powered submarines if Congress permits, the New York Times said today.

In a Washington dispatch by John W. Finney, the newspaper said eventually similar data would be supplied to other members of the Atlantic Pact.

The Times added: The plan is one tangible example of scientific and atomic cooperation among the Allies to emerge from the recent meeting of the North Atlantic Treaty Organization in Paris.

Secretary of State Dulles offered the submarine information to all NATO nations at the Paris conference, but only France so far has indicated interest.

The country also was said to be particularly interested in obtaining the highly enriched uranium used as fuel in the United States-type submarines.

Under the atomic energy law of 1954, the United States is prohibited from supplying enriched uranium to foreign nations for military purposes. The administration now plans to ask Congress to relax this prohibition.

## Psychiatrist Dead Of Goering Poison

BERKELEY, Calif. (AP) — Dr. Douglas McGlashan Kelley, chief American psychiatrist at the Nuernberg war criminal trials, is dead at 45 of the same poison which killed Nazi Air Marshal Hermann Goering.

Police said Kelley apparently was worried over ill health yesterday afternoon when he swallowed a small souvenir vial he had brought back from Nuernberg.

Dr. Kelley built an international reputation as a criminal psychologist and had been professor of criminology at the University of California since 1949. He had been under medical treatment for a severe stomach ailment, Police Lt. John A. Lundquist said.

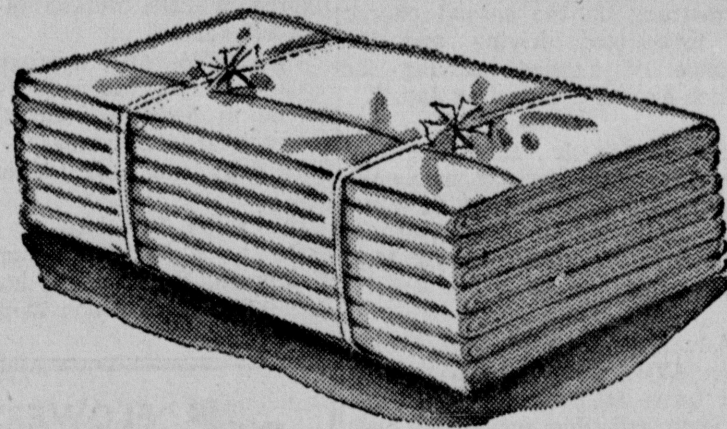

A UC graduate who took advanced work at Columbia University, Kelley was psychiatric consultant to the Army's European Theater during the latter years of World War II and headed the Graylyn Psychopathic Hospital at Bowman-Gray School of Medicine in South Carolina before coming to UC in 1949.

## Clubs Hold Joint Meeting At Bothwell

The Optimist and Lions Clubs held a joint meeting at noon Tuesday at the Bothwell Hotel. The Lions regular meeting being on Wednesday, which was a holiday, the Optimists invited the Lions Club to meet with them on their regular day.

Following brief business sessions of both organizations, the group was entertained by a motion picture "Survival" as provided through the United States Air Force. The picture was a demonstration on the ways and means of survival in desert lands.

A-3c Winston Purvis of the Information Services, Whiteman AFB, handled the showing of the picture. Don Coe of the Optimists was program chairman of the meeting.

Optimist President Claude Boul presided over the meeting and announced the Optimist basketball league tournament will be held again this year, and a complete announcement of the program will be made by Frank Mehl at next week's meeting.

President A. B. Warren of the Lions announced the children's committee purchased 46 pairs of shoes and 92 pairs of socks and stockings for children in the Sedalia public and parochial schools.

W. C. Ream, chairman of the annual Lions Club invitational basketball tournament to be held Feb. 3 through Feb. 8, announced the plans were progressing and already several independent teams have contacted his committee for entrance.

It was also announced First Vice-president Dudley Sims of Lions International will be in Sedalia Feb. 12 for a meeting, at which he will be the honored guest and principal speaker.

President Boul announced an Optimist board meeting for Monday noon, Jan. 6, in the Palm Room of the hotel.

## REA Approves \$11,800,000 Loan

WASHINGTON, D. C. (AP)—The Rural Electrification Administration has advised Senator Hennings (D-Mo.) it has approved a \$11,800,000 loan to the Central Electric Power Cooperative, Jefferson City, Mo.

The money will be used for additional generating and transmission facilities to furnish power to 17 smaller cooperatives serving 100,000 farmers in central and south central Missouri.

Hennings said the smaller cooperatives are Boone Electric Co., Columbia; the Howard Electric Co., Fayette; Calloway Electric Co., Fulton; Consolidated Electric Co., Mexico, Mo.; Central Missouri Electric Co., Sedalia; Three Rivers Electric Co., Linn; the Co-Mo Electric Co., Tipton; the Suivre River Electric Co., Troy; Intercountry Electric Co., Leake; Leake Electric Co., Lebanon; Gasconade Electric Co., Dixon; White River Electric Co., Branson; Howell - Oregon Electric Co., West Plains; Southwestern Electric Co., Bellville; Crawford Electric Co., Bourbon; Webster Electric Co., Marshallfield; and Fe-Mo-No Electric Co., Mansfield.

## Ex-Sedalian Appointed Children's Trustee

Richard B. Fowler, former Sedalian, has been named trustee of Children's Mercy, George L. Gordon, chairman of the hospital trustees, announced.

Fowler, associate editor of The Kansas City Star and newly-appointed director of that company, is the author of "Leaders in Our Town," a compilation of biographies of principal citizens of Kansas City, and was co-author with Henry C. Haskell of "City of the Future," published in 1950 on the occasion of Kansas City's centennial celebration.

Active in civic affairs, Fowler is a graduate of Washington university, St. Louis.

Other trustees of Mercy are Perry Faeth and Paul Adams. The trustees, together with the central governing board of the hospital, supervise operations of Mercy.

One vacancy exists on the trustee board.

## Sedalian Hit, Robbed, On Street Tuesday

Walker Murphy, 75, of 219 East St. Louis, reported to police he was struck on the head at Lamine and St. Louis about 7:25 p.m. Tuesday and robbed. He was unable to identify his assailant at the time.

Murphy was taken to Bothwell Hospital, where Dr. A. R. Maddox, rendered medical attention. He suffered a fracture of the left collar bone, severe head injury, and a cut of the forehead which took ten stitches to close.

Wednesday Murphy told who he believed attacked him. The boy, 16 years old, was picked up by the police and admitted to Chief Edgar Neighbors and police officers that he robbed and beat Murphy.

The youth was turned over to Cecil Glenn, who had him placed in the county jail pending further investigation.

## Mothers Leave For Red China To Visit Sons

LOS ANGELES (AP)—Three mothers of American sons imprisoned by the Communists on spy charges take off today by Pan American Clipper en route to Red China for two-week visits with their sons.

They arrived last night from New York saying little and carrying vitamin pills, hand-knit socks, fruit cake—and hope—for their sons.

The hope is that somehow they can obtain release of the young men. However, the Red Chinese government, extending an invitation for the visit, offered only that and no indication that they intend to release the prisoners.

The mothers, who appeared unafraid over prospects of entering hostile country, are Mrs. Mary V. Downey, New Britain, Conn., widow and schoolteacher; Mrs. Philip Fecteau, Lynn, Mass., housewife, and Mrs. Ruth Redmond, Yonkers, N. Y., housewife and dietitian.

Their sons are John Downey, 27; Richard Fecteau, 30, and Hugh Redmond, 38.

## Prudential Company To Meet Friday

The Prudential Insurance Co. will have a meeting at the Ambassador Room of the Bothwell Hotel at 9:30 a.m. Friday instead of the Metropolitan Insurance Co. as previously reported.

The North Side Citizens Association will hold its regular monthly business meeting at 8 p.m. Friday at the American Legion Hall, Ohio and Pettis.

Field, Sedalia, and Miss Helen Gillespie, Albuquerque, N.M.; several grandchildren and great-grandchildren. Her husband preceded her in death in 1934.

Funeral services were held at 2 p.m. Sunday at the Methodist Church in Blackwater by the Rev. Arthur Hinnah, Booneville, assisted by her pastor, the Rev. Danny Duggins, Marshall.

Clay Killion, Marshall, sang "Beyond the Sunset" and "The Lord's Prayer" with Mrs. C. E. Whitehead, Marshall, at the piano.

Burial was in Lamine Cemetery in the family lot.

Pallbearers were F. W. Marshall, Dr. C. D. Lueckert, John Hicks, Elmer Steel, Elbert Sprigg and Riley O'Neal.

**Arthur Lewis Wasson Rites**  
Funeral services for Arthur Lewis Wasson, 1420 West Main, retired Missouri Pacific shopman, were held at 2 p.m. Thursday at the Gillespie Funeral Home, the Rev. Ralph E. Hurd, pastor of the Epworth Methodist Church, officiating.

Russell Maag sang "Beyond the Sunset" and "Beautiful Isle of Somewhere." Miss Lillian Fox was at the organ.

Burial was in Crown Hill Cemetery.

**Katherine Sue Goff Rites**  
Funeral services were held at the Ewing Funeral Home at 2 p.m. Tuesday for Katherine Sue Goff, 3-months-old daughter of Mr. and Mrs. Albert Goff, Altoona, Iowa, who died at Kansas City, Monday morning.

Besides her parents she is survived by one brother, William Gene Goff, and one sister, Beverly Ann Goff of the home; her grandparents, Mr. and Mrs. Robert Goff, 301 South New York, Sedalia, Mr. and Mrs. Lawrence Cox, Kansas City, Mo.; and Mr. and Mrs. T. P. Lutjen, Sedalia; her great-grandparents, Mr. and Mrs. C. A. Blethroade, 617 North Grand, Sedalia, and Mr. and Mrs. Elmer Cox, Brainer, Mo.

The Rev. Kenneth Stephens officiated. Burial was in the Memorial Park Cemetery.

**George W. Buohl Rites**  
Funeral services for George W. Buohl, 74, Detroit, Mich., who died in a hospital there Saturday after a brief illness, were held at McLaughlin Funeral Chapel at 10:30 a.m. Thursday, the Rev. Armin F. Klemme, pastor of the Evangelical and Reformed Church, officiating.

Pallbearers were Fred Brink, Richard Gray, Roy Kirchhofer, Elver Cecil, R. H. Williams and Otto Burk.

Burial was in Crown Hill Cemetery.

Al Domingue sang "Face To Face." Mrs. H. O. Foraker will be at the organ.

## Police Reports

Police were called to 423 East 17th Tuesday night, where a prowler was reported around an empty house. He was gone when police arrived.

A woman's black purse was found by the police at Tenth and Ohio about 5:10 a.m. and taken to police headquarters. Papers in it identified the owner as Mrs. H. A. Joy, 507 Sunset Drive. There was no money in the purse.

Paul Simpson, Pete's Motel, reported to the police that sometime Tuesday evening or early Wednesday morning a tweed top coat, a yellow Elgin wrist watch, keys to a 1956 De Soto, and a gold and maroon school jacket were stolen from the restroom at the J and D Grill, Ninth and Limit. Simpson is employed at the Grill.

Charles H. Poynter, Route 4, Sedalia, reported to the police that four hub caps were stolen from his Dodge car parked at 17th and Lamine, some time Wednesday night.

George Jack Morris, Houstonia, reported to the police his 1956 Ford Tudor sedan was stolen from the 200 block on West Main sometime after 8 p.m. Wednesday night. The car was found at 11:30 a.m. Thursday parked in front of the Moose Club on East Second by Lloyd Goode, who notified the police and the owner.

A-3c Leroy Melvin Hays, 19, Whiteman AFB, charged with making a left turn at Third and Ohio and at Sixth and Ohio, forfeited a cash bond of \$10.

Claude C. Stevens, Warrensburg, charged with running two stop signs at Main and Missouri and at Main and Grand, forfeited a \$10 cash bond.

## Police Court

In the report on Monday's police court activities, it was erroneously stated that Beryl D. McCoy, 428 East St. Louis, was fined \$10 for fighting. McCoy was actually charged with speeding and was not connected with any fighting.

John Summers, Windsor, charged with parking in a safety zone in the 100 block of West Second, forfeited a \$2 cash bond.

Four overtime parkers failed to appear in police court and their \$1 cash bonds were forfeited and 12 others paid the 25-cent fee.

Wendell W. McKee, 1706 South Osage, charged with careless driving at 18th and Ohio, failed to appear in police court and his \$25 cash bond was ordered forfeited.

A-1c Russell Gault, 23, Whiteman AFB, charged with running

a stop sign at Third and Massachusetts, forfeited a \$5 cash bond.

Donald Dean Trout, 22, of 312 North Grand, charged with careless driving, forfeited a \$75 cash bond.

June Dee Pugh, 600 South Washington, charged with driving a car while under the influence of intoxicating liquor on the morning of Dec. 31, 1957, and again on the morning of Jan. 1, 1958, and with careless driving on Jan. 1, appeared in court.

He was fined \$100 on the first charge, to which he pleaded innocent. He was unable to pay the fine and was committed to the city jail.

Pugh is being transferred to the Magistrate Court of Judge Frank Armstrong on the second charge of intoxicated driving and the charge of careless driving for which he was arrested on Jan. 1.

Roy Mason, Jr., 17, of 319 West Tenth, charged with disturbing the peace, failed to appear in court and forfeited a \$10 cash bond. He was arrested on complaint of Mrs. Dorothy Mason.

A-1c Herman Shade, Jr., Whiteman AFB, charged with making left turns at Third and Ohio and at Sixth and Ohio, forfeited a cash bond of \$10.

A-3c Leroy Melvin Hays, 19, Whiteman AFB, charged with making a left turn at Third and Ohio and at Sixth and Ohio, forfeited a cash bond of \$10.

## Says 11,300 Persons Died In 1957 Fires

BOSTON (AP)—The National Fire Protection Assn. reports that approximately 11,300 persons were killed in fires throughout the United States in 1957.

The nonprofit fire-safety organization also reported last night that fires cost the United States a record high loss of more than 1 billion dollars last year.

In 1956, the United States had 10,600 fire deaths and \$1,231,576,000 property loss.

Canadian fire losses in 1957 were reported at about 135 million dollars with approximately 600 fire deaths, compared with 1956 figures of 129 1/2 million in losses and 601 deaths.

The NFPA said approximately 6,800 U.S. fire deaths in 1957 occurred in buildings, and 4,500 in automobiles, airplanes, boats, field fires and other nonbuilding fires.

The worst fire loss of life in 1957 was in the destruction of a Warrenton, Mo., nursing home on Feb. 17, 1957, in which 72 persons perished.

A-1c Herman Shade, Jr., Whiteman AFB, charged with making left turns at Third and Ohio and at Sixth and Ohio, forfeited a cash bond of \$10.

A-3c Leroy Melvin Hays, 19, Whiteman AFB, charged with making a left turn at Third and Ohio and at Sixth and Ohio, forfeited a cash bond of \$10.

# Afro-Asian Conference Is Adjourned

CAIRO, Egypt (AP)—Delegates to the first unofficial Afro-Asian People's Conference headed home today with a wide range of propaganda resolutions, many of them parroting the Communist line.

The 42 nations and colonies at the weeklong conference which ended yesterday were not represented by official government spokesmen, but by 400 leaders of groups which in many cases are frowned on or outlawed at home. A chief event of the conference was a Soviet offer of economic aid to all Asian and African countries.

A last-minute attempt to delete President Eisenhower's name from a resolution attacking the Eisenhower Doctrine and the Baghdad Pact failed at the final plenary session.

Instead of using Eisenhower's name, Al el Bahawan, mayor of Tunis, proposed a reference to the "U.S. doctrine of power vacuum," an Egyptian propaganda phrase based on the charge that the American policy seeks to replace waning British and French influence in the Middle East.

Bahawan was backed by Lt. Col. Anwar Sadat of Egypt and Dr. Anup Singh of India. Singh, who has conceded that the conference followed a line friendly to the Communists because the delegates had no experience with Soviet domination, was instrumental in toning down other anti-Western resolutions.

But the reference to the Eisenhower Doctrine by name was approved overwhelmingly after Jordanian delegate Shafic Rosheidat, an exile from his Western-aligned country, said no one would understand the meaning of the substitute phrase.

In other resolutions, the conference condemned imperialism "in all its forms," attacked military and political pacts and foreign military bases and condemned the European Common Market as a step to "strangle the aspirations of people for independence from colonial domination."

It called for the independence of Oman, which is now ruled by a sultan friendly to Britain, the unification of Korea and nationwide free elections to unify Viet Nam, Red China's admission to and a flat ban on nuclear weapon the United Nations, disarmament tests.

It recommended that Asian and African countries have more representation in the United Nations and decided to set up a permanent conference secretariat in

## Hillary Now 70 Miles From South Pole Goal

AUCKLAND, New Zealand (AP)—Sir Edmund Hillary's party of New Zealanders is now only 70 miles from the South Pole after covering 28 miles last night, radio messages from him said today.

A British party approaching the U.S. polar station from the opposite direction is still about 300 miles away. The Britons, led by Dr. Vivian Fuchs, plan to continue to Hillary's camp near McMurdo Sound to make the first overland crossing of the continent.

Hillary reported yesterday that deep snow had slowed his tractors to only 22 miles on New Year's Eve in the 28-below-zero weather. At one time "it appeared as if the tractor train had reached the end of the road," he said. But by dumping some supplies to lighten the load he was able to continue.

Some 200,000 acres of virgin timber are in the Great Smoky Mountains National Park in North Carolina.

## May Hear Latest Word On Contract Progress

KANSAS CITY (AP)—The 1,060 Kansas City members of Local 6450 of the Communications Workers Union, and anyone else who wants to, can get the union's latest word on contract negotiations with the America Telephone and Telegraph Co. in New York by dialing a number.

The negotiations involve workers who man the AT&T's long distance lines across the country.

Local 6450 in Kansas City leased an electronic recording and relay gadget developed by the telephone company and hooked it to a set of telephone lines. By dialing the number, you can listen to a recorded message about the negotiations.

### Protects Vault

OKLAHOMA CITY (AP)—Hoping that burglars wouldn't damage the safe at his wholesale electrical goods firm here, Joe Barnett had the combination neatly taped on top of the vault.

Nevertheless, burglars worked at least two hours unsuccessfully trying to hammer the safe open. They'd have been disappointed anyway, Barnett said. He kept business papers there, no cash.

## Studies Plan To Relieve Joint Chiefs

WASHINGTON (AP)—The Senate Preparedness subcommittee has under consideration a series of proposals that could lead to legislation shearing the Joint Chiefs of Staff of their military commands. The subcommittee, headed by Democratic Leader Lyndon B. Johnson of Texas, has heard contradictory testimony from military leaders and scientists about the amount of service rivalry that still exists under supposed unification of the armed forces.

Most subcommittee members now are convinced there has been so much confusion and bickering among Army, Navy and Air Force leaders in the Pentagon that the nation's missile and satellite programs have been seriously handicapped.

While there is no unanimous opinion, the prevailing impression

among subcommittee members seems to be that it might be best to start at the top of the military structure in any recommended shakeup. This could take the form of relieving the Joint Chiefs of command duties.

The Joint Chiefs, consisting of the heads of the three services, have the dual role of over-all military planning and of operating the individual services. This has led to some suggestions that their loyalty to their individual services has interfered with their decisions on over-all military plans, although Gen. Nathan F. Twining, chairman of the Joint Chiefs, has denied this in public testimony.

## Try Airy Fritters For Dessert

CRANBERRY FRITTERS Are airy, oval-shaped and lightly puffed. They make delicious dessert.

By CECILY BROWNSTONE  
Associated Press Food Editor

When cranberries are added to a batter similar to that used for French fritters, you have delicate crisp mouthfuls with tart fruit flavor that come out of the deep-fat fryer to be served as hot bread or dessert.

American fritter batters usually call for more flour than does this recipe, as well as for baking powder. But have no fears—these fritters are airy, oval-shaped and lightly puffed.

During frying, turn the fritters over as soon as they have browned on one side, using a skimmer (a flat wire whip or a perforated kitchen spoon). We add this precaution because we've seen experienced cooks jab at fritters with kitchen forks—a practice not designed to have fritters retain puffiness. For draining the fritters after they are fried, you can use several thicknesses of paper toweling.

### CRANBERRY FRITTERS

Ingredients: 1 cup flour, ¼ teaspoon salt, 4 tablespoons granulated sugar, 2 eggs (separated), two-thirds cup milk, 1 tablespoon butter or margarine (melted), ¼ teaspoon almond flavoring, 2 cups fresh cranberries (halved), confectioners sugar.

Method: Sift together the flour, salt and granulated sugar. Beat egg yolks with rotary beater (hand or electric) until thick and pale-

colored; gradually beat in milk, alternately with melted butter and almond flavoring. Beat sifted dry ingredients into mixture, a small amount at a time; continue to beat until smooth. With clean beater, beat egg whites until stiff; fold into mixture with halved cranberries. (Batter will be soft.) Use a tablespoon as a measure and drop batter into hot (370 to 375 degrees) deep fat. Cook each fritter until golden brown, turning once—about 3 minutes. Drain on several thicknesses of paper towels; sprinkle with confectioners sugar; serve hot. Fritters are tart, so you may wish to serve extra sugar for individual dipping. Makes about 3 dozen.

We've just had a **family payday!**

**\$100,000<sup>00</sup> IN EARNINGS PAID TO FIRST STATE SAVERS DURING 1957**

A DOWNPOUR OF DOLLARS descends upon the family that saves together and enjoys together the better things of life such as a home...college educations...travel...comfortable old age.

Everyone can achieve aims and ambitions by saving something regularly toward specific savings goals. No matter what it is you want...a nest egg, new furnishings, peace of mind...you'll have it *sooner* by saving.

Save individually with insured safety to \$10,000. Save collectively with a joint or trust account and have much larger sums insured. Either way, make savings "a family affair." Then you'll join the thrift-wise 20 Million Americans who have \$40 Billion saved profitably, safely with a Savings and Loan Association.

Spring your idle funds into earning action. Bring them in by January 10th. Funds here by that date earn from January 1st. Gain an extra ten days on 1958 earnings. Plan now for your family's next payday!

Visitors For The Holidays At Lincoln

By Mrs. Herbert Hansen  
LINCOLN — The annual Christmas program was held recently at the Methodist Church. The Rev. Loyd Wasson, former pastor, Mrs. Wasson and daughter of Smithton, were among those present. Sunny Side rural Church also entertained with a Christmas program.

Mr. and Mrs. Vernie Attwood had as their guests Sunday Mrs. Doris Richmond, Kansas City, Mr. and Mrs. Rayburn Henry and family, Holden and Oren Henry and Clinton.

Dinner guests Sunday at the Carl Rambow home were Mr. and Mrs. Bob Rambow and son, Mr. and Mrs. Rudy Rambow, Mr. and Mrs. Henry Keseman and daughter, Bill Keseman, Mr. and Mrs. Oscar Jaekel and Mr. and Mrs. Freddie Keseman, Kansas City. Ralph Kreissler, Columbia, is spending his vacation with his parents, Mr. and Mrs. Leonard Kreissler.

Mr. and Mrs. Bob Gooser and children have moved to the George Richter property.

Mr. and Mrs. Joe Kelb entertained with a turkey dinner Sunday. Guests were Mr. and Mrs. E. V. Kinkead, Mrs. Eva Thomas, Mr. and Mrs. Bob Butler and family, Mrs. Ethel Brown, J. L. Brown, Warsaw.

Mr. and Mrs. Herbert Keseman and Judy, Springfield, spent the holidays here and in Sedalia.

Mr. and Mrs. Marion Tucker and family of Illinois, and Mr. and Mrs. Curtis Swearingin, were Wednesday guests of Mrs. Grace Swearingin.

Mr. and Mrs. Ed Meuschke, Mr. and Mrs. Jim Meuschke and son, Mr. and Mrs. L. C. Keseman and Mr. and Mrs. Marvin Keuper and family spent Sunday at Grandview with the Roy Kreissel family.

Mrs. Bill Standard and daughters are spending two weeks in Washington, D. C. and New York.

Mr. and Mrs. Bill Waldburger are visiting their son in Wichita, Kan. Mrs. Waldburger, who is a patient at the Wesley Hospital, there, will undergo surgery in the near future.

Miss Bernice Cole, Kansas City, is visiting Mrs. E. D. Cole and Roy.

Near Bogalusa, Louisiana, are 6,000 acres of tung trees, valuable for their oil which is used in paints and varnishes.

"NIK-KNACK"—The Sputnik school of sculpture makes its appearance in Moscow's Central Exhibition Hall, with this work featured in the All-Union Art Exhibition. The rocket-launching figure, entitled, "To The Stars," was created by Russian sculptor Postnikov. Photo and caption material were received from an official Soviet source.

Looney Larcenies

Thief Takes Kitchen Sink; Will the Bath Tub Go Next?

NEW YORK—(NEA)—It looked bad there for a little while. But 1957 finally turned out to be perfect in the loony larceny department. Somebody stole the kitchen sink—from a grocery store in San Antonio, Tex.

And at least one thief dismantled a house in Visalia, Calif., while the owner was away, although he did leave the foundation.

Real estate was very popular all around. Some thieves in Birmingham, Ala., removed a two-car garage.

What is a home without a site? At Penn Yan, N.Y., 100 feet of was stolen. Enterprising purloiners backed in trucks during the night and hauled away 5,000 or 6,000 cubic feet of lakefront land.

Three officials of a railroad in Seoul, Korea, were dismissed on charges of stealing 10 tons of rails.

Four young thugs in Freeport, N.Y., stripped a man, he said, of all his movables—65 cents in cash and his false teeth.

A petty thief in South Shields, England, sent to a psychiatrist,

lifted \$2.30 from the doctor while being questioned.

Maternity dresses—150 of them—were stolen from a parked car in Tampa, Fla.

Someone got a man's goat, one of two he had left in his car in front of a garage in Hasbrouck Heights, N.J.

In Cleveland, Ohio, on probation for mail robbery, a man committed bigamy, forgery and assorted theft, then went to San Francisco, had himself appointed a probation officer. Results—a four-year sentence as a probation violator.

A drug-addicted convict in Walla Walla, Wash., state penitentiary eagerly ripped open a package of three hollowed-out religious books. Instead of an expected 3,000 Benzdrine-type pills he found a note from the warden: "To whom it may concern—pill smuggling in

this prison has been discovered."

In London, two men tried to burglarize the U. S. Embassy and were convicted on evidence given by Police Constable George Washington.

Burglars in Glasgow used eight pounds of butter to grease the floor in a grocery store, slid the store's safe to the door to their waiting getaway truck.

A lady's skirt was searched and found to contain a chicken, two pounds of butter, oranges, a small ham, a pound of perch, some chopped beef, a box of tissues, a bottle of laxative, two cakes of soap, headache tablets, two combs, a bottle of shampoo and two bottles of hair bleach. The shoplifter explained: "I didn't pay for the bleach because I didn't want my friends to know I bleach my hair."

Church services were quietly interrupted by a stick-up artist

THE SEDALIA DEMOCRAT—Sedalia, Mo., Thursday, Jan. 2, 1958 9

In Indianapolis, who took wallets from several worshippers.

Burglars are mean. They walked off with the poor box, \$300 in cash and a \$250 mahogany pinup in Akron, Ohio.

The poor box in another church in Waukesha, Wis., had \$3.50 stolen. The boys responsible then spent the money at a church festival.

A bank robber in Denver was nabbed as he boarded a bus. He readily surrendered the \$11,200 loot, but when the arresting officer grabbed the dollar bill he was holding for bus fare, he protested: "Hey, that's my own money."

Beverly Hills, Calif., had a versatile crook. Arrested for running a red light, officers found that the car was stolen, that the thief

was a two-time loser for burglary and forgery, had passed \$12,000 worth of bad checks. "I usually travel by air," he complained, "air depots take bum checks."

A gunman in Washington, D.C., testified that he had declined the sum of \$2,500 offered him for murder because "when I get done paying taxes out of that, what would I have left?"

## Jarring The Harmonies

If all the steam let off during New Year's eve celebrations could be bottled up and used as propellant the United States would not have much difficulty shooting a rocket to the moon.

One thing about these new year soirees—the racket is of short duration and mostly indoors. Furthermore, the noise is anticipated so that those persons allergic to it are somewhat more resistant or tolerant.

Recent comment in this column about Sedalia noises was more or less incidental, but the oral and written replies to it were terrific. Mostly people past 50 appeared to be more conscious of the city's unnecessary clatter. There was not one complaint from a youngster.

A sample commentary went like this: "We have more neighbors who live up to our ideals of a quiet, refined neighborhood than those who do not, but the few who do not are making us very dissatisfied with our surroundings."

Shrieking children as early as 5 a.m. seems to be a source of irritation to the anti-noise groups; neighbors yelling at each other across the street instead of using the telephone, and so on and so on until—there are those barking dogs again!

Usually the subject of dogs on the loose doesn't pop up until early spring when gardens are laid out. A corres-

pondent tells us some neighborhood dogs travel around in packs, bark and fight on other persons' front porches when the occupants are trying to sleep so that "home, which should be a quiet retreat where we can live without disturbing other people or being disturbed by them, instead becomes chaos."

Children and dogs: two delicate subjects, indeed. Both are related to the noise problem; both difficult to eliminate but always susceptible of moderation.

Of course there should be kindly tolerance of ebullient children but neither dogs nor children should have unbridled freedom to become neighborhood nuisances.

Neglected discipline in fear a child or pup may develop some sort of adult complex has become too much of a parental psychosis in these modern times.

Sternness and firmness may be a partial answer to the problem of uncontrolled noises and nuisances. And this will be of no avail if adults in the neighborhood can't get together and consider without heat mutual complaints against disturbances of the peace of each other.

If it comes to a choice of noises, most quiet-loving persons in Sedalia will agree to tolerate noisy children and dogs rather than noisy automobiles, trucks and motorcycles.

## 1958 Crucial Year For War Or Peace

**By DREW PEARSON**  
WASHINGTON — Predictions for the New Year — 1958 may be one of the most crucial years in history. It may see the tide turn toward peace with Russia — or start a deterioration of our relations toward war. Russia for the first time is now able to call the shots. Power lies in the Kremlin's hands. American prestige around the world has sunk to a low unequalled since our Civil War. In Europe there is frustration with American leadership bordering on disgust. Even in Latin America our once staunch friends are drifting away. . . . Russia really wants peace. She has the bargaining cards in her hands — as will be shown by the Gaither Report — if ever published. Whether 1958 sees an upturn for peace or downturn for war will depend chiefly on whether American ability to pull in our belts, will be important, but not as important as our diplomatic skill. . . . The Kremlin's temptation will not be to move now when the odds are heavy on its side. Russia would win a preventive war today. Two years ago she couldn't. But if the Kremlin sees the United States going ahead with missile bases in West Europe, pressure could be heavy in the Soviet presidium to move while it has the upper hand. . . . No one can predict what will happen on this front in 1958, except that Russia has the decision.

**Weather To Veterans** — 1958 will see some radical attempts to control the weather, including a plan to sprinkle oil on the waves in advance of hurricanes, then light the oil to change or modify the hurricane. . . . Postage stamps at long last will be increased. In 1958 you'll be paying four cents instead of three for a stamp. . . . There will be no tax cut in 1958. . . . Congressman Wilbur Mills, new chairman of the tax-writing ways and means committee, will try to abolish the \$50 tax exemption for stock dividends which he says helps the stock market. He'll propose a \$600 personal exemption instead. . . . Veterans will be among the chief sufferers as a result of missile expenditures. Veterans Hospitals will be cut, plus pension benefits. The Administration will argue that the U.S.A. is becoming a nation of Veterans, therefore they don't deserve special treatment. . . . Alaska will become the 49th state. . . . Benson's plan to end family farming will fail; also his plan to reduce price supports for wheat, cotton, corn, tobacco, peanuts, rice. The farm budget will continue at \$5,000,000,000 and farm surpluses will be about the same. . . . Despite inflation there'll be no salary increases for civil servants — except for scientific and military personnel. . . . Pan American Airways will start operating 600-mile-an-hour Jet airliners in 1958, thus beginning the first jet service for the American public. Airplane fares

### Guest Editorial

CINCINNATI TIMES-STAR: Forget The Ballyhoo. Vice President Nixon has sounded a note that all Americans—in and out of government—should heed. "Let's," he said, "get away from our weeping walls and act like Americans. We've got work to do."

The time has certainly come for the people of this country to give themselves a second look. It's not a time for recrimination, for snap judgment or for the adoption of quick panaceas — or the easiest way out.

In recent years we have been lulled into complacency by the conviction that we are the smartest people in the world. Russia's Sputnik exploded that idea. The blow-up of Vanguard reduced it to ashes.

Yet this doesn't mean we have to turn ourselves upside down. It doesn't mean, as Mr. Nixon says, that we have "overnight lost our scientific know-how, our ability to get things done."

What it does mean is that we must realize we aren't gods on earth and that in some things the Annie Oakley song of "Everything You Can Do I Can Do Better" just isn't true. In short it means forgetting a superiority complex and getting down to brass tacks.

That's the way the United States acted under stress in the past. The nation is still great. . . . It can still do a bang-up job. All that is needed is to forget the ballyhoo, recognize that we, too, are human, and get to work.

## Secretary Dulles Is Still One-Man Show

**By JAMES MARLOW**  
Associated Press News Analyst  
WASHINGTON (AP) — You'd be hard put to name three men—besides Secretary Dulles—who work for the State Department. His is a one-man show, now going into its sixth year.

If he has any plans for dealing with the Russians other than those he started out with—and his basic plan he inherited from the Democrats in 1953—he hasn't revealed them.

There's been no evident change in Dulles except for a toning down in his once flamboyant statements. He hasn't been talking—since the Russians unveiled their missiles—of "massive retaliation" or the brink of war.

At 70 Dulles is the most traveled secretary of state in history. Since taking office five years ago, he's gone over 355,000 miles. And he's getting ready for more.

He went to the NATO meetings in Paris in December, will probably go back for the spring session. He may go to Southeast Asia for talks with American allies there.

He's definitely going to Turkey this month for a conference of the Baghdad Pact countries on Russia's southern border. This coun-

try sponsors that pact but won't join it.

Only two men in the State Department—besides Dulles—come readily to mind and he overshadows both of them almost completely: Harold Stassen and Christian A. Herter.

Herter, former governor of Mas-

sachusetts, is undersecretary of state. When Herter was appointed, there was speculation he was being groomed to succeed Dulles and would take over after he got settled in his job.

If so it's an extremely quiet grooming. Herter is almost never heard of. This writer recently asked a man who has been in the State Department for years and knows something of what's going on: "What's Herter been doing?"

The man laughed. He said: "Nothing I know of. Herter is just another horse in the Dulles stable. Dulles is boss around here. The people around him carry out his orders."

Stassen, specialist on disarmament, worked directly under President Eisenhower until Dulles brought him under his control by having him shifted to the State Department.

Stassen has been an ambitious politician all his life and may quit to seek the Republican gubernatorial nomination in Pennsylvania. But he has been almost as quiet as Herter in recent months, although it has been reported there is deep disagreement between Stassen and Dulles on how to deal with the Russians on disarmament.

Dulles, despite a cancer operation 13 months ago, is extremely active for a man of his age. He shows no sign of tiring. And he shows no sign of retiring either.

### It's The Law

An ounce of "preventive law" in handling your own financial and personal affairs can be worth a pound of cure in the courts, or in terms of actual money saved.

Making use of preventive law is not a complex process. But it is very important to make sure that such everyday business matters as your insurance, withholding tax statements, licenses, leases, loans, time payments, and a host of other business and financial arrangements are all in proper order.

In fact, the beginning of the year is the logical time for you to make your legal checkup, because part of this review will be the financial summary of 1957 for tax purposes. A handy year-end check-list can also become one of your most valuable assets in the future. Such a regular legal check-up is just as sensible as having your car serviced regularly to prevent mechanical trouble. Of course, some of these matters may require professional legal advice.

There are three main classes of personal business matters which should be checked:

Taxes and licenses are usually a year-end matter. It is up to you to have the necessary proof to back up your claims for income tax deductions. A check-list and good record keeping can provide this proof, and also help to save you tax money. Various kinds of federal, state, county and local licenses, permits and taxes fall due on an annual basis. Even failure to purchase your local car sticker, or to pay real estate and personal property taxes on time, may cost you penalties.

A second class of business and legal matters may be affected by changes in your own personal circumstances, or by outside factors such as changes in state or federal laws.

Changes in family status, including marriage, death, or birth, may make a big difference in such things as hospitalization insurance, withholding tax exemptions, life insurance, your will, and similar matters. If you acquire or improve a home or other real estate, you should be sure that all of the necessary papers are in order. It is also highly important that your insurance program reflects all these changes, and properly guards you against liability and loss.

If you have not reviewed or revised your will within the last two years, you should check it, because important changes in Missouri's Probate Code became effective Jan. 1, 1956. Make sure yours conforms to these changes, and carries out your exact desires.

A third group of legal matters affecting all of us includes such things as contracts and leases. We all enter contracts, whether they are ordinary purchases at stores, the signing of chattel mortgage and note when buying a new car, or signing a contract to buy or lease a home or other property. Farmers who are tenants usually enter annual lease contracts early in the year. Home and apartment renters should also make regular checks of the terms of their leases.

These are only a few of hundreds of examples which point up the value of preventive law. Such

NEA Staff Correspondent  
WASHINGTON, D. C.—America's schools and courts are going to be asked to take on a bigger load in the effort to cut highway deaths. The car manufacturing industry in Detroit, and traffic police all over the country, also must be examined to determine what extra effort they must put out to reduce the highway toll.

These are the findings of the recent Public Officials Traffic Safety Conference, sponsored by the President's Committee for Traffic Safety.

The meeting was unique because it was the first time such an imposing list of state governors and traffic safety officials gathered to attack this grave problem on a national basis. And the results were impressive because there was general agreement reached among the officials as to what had to be done, in what order, to start paring down auto accidents.

A general sentiment also expressed at the meeting was that

traffic safety is not a problem for the federal government to tackle through such things as uniform traffic laws. Some opinion has been growing among a few traffic experts that Uncle Sam must step in on this problem, because the states have failed.

Top priority was assigned to improving driver licensing requirements. The specific plan which received most support was a requirement that all persons under 18 must complete a state-approved driver education course in order to get a license to drive.

This would mean practically all public high schools installing driver education courses which had to meet a state standard. It would also mean that driver schools would have to come up to this standard.

Insurance companies have come up with solid statistics to show that drivers who have had professional driver training have a substantially lower accident rate. Starting new drivers off with basic safe driving know-how is the best way to attack the highway toll, experts believe.

Second most important program to launch against auto accidents is the establishment of uniform minimum fines and jail sentences for traffic violators, the Conference decided.

When a driver is aware that a violation of a certain traffic law will get him the same punishment whether he commits it in the city, country or neighboring state, he tends to be more careful, it has been determined.

New legislation in most states would be required to provide this brake on traffic offenders. And it would take cooperation and support from traffic judges.

The Conference also recommended that court costs be abolished as an item separate from fines. This will help to eliminate the "profit motive" in traffic court administration, it is pointed out. The handing out of excessive traffic tickets tends to break down respect for the law just as much as too lax enforcement, it is known.

Sometime soon key members of the Conference will be going to Detroit to confer with the auto manufacturers as to what they can do to improve traffic safety. The car makers were complimented at the meeting for voluntarily halting the excessive advertising of increased horsepower.

The industry has also agreed not to engage in so much racing competition for the sake of advertising fodder. But the industry is still sensitive about the criticism which claims that the new cars are too fast and too powerful to be safe.

The auto industry points with better pride to its development of better brakes, improvements in visibility and general car performance and dependability as being safety factors. It claims that more power in cars gives the driver a greater margin of safety on passing, especially.

Another study project which the Conference has set for itself is an investigation of the minimum needs of traffic policemen in the way of equipment and proper enforcement of highway laws.

These recommendations of the Conference were just the most important agreed upon. There were many others, including the need for more research on the causes of accidents and continuing education programs to keep the public aware of driving hazards.

**THE YOUNG WOMAN'S** feet were just killing her. It was those new pointed shoes she was wearing and the longer she kept them on, the more they seemed to hurt, but she was where she couldn't do a thing about it but wear them. Finally, after she had had them on nearly four hours, she could stand it no longer so she went to the women's lounge to take them off for a few minutes and get a little relief. When she did, she discovered she had them on the wrong feet.—H.L.

**A GROUP OF** women were discussing another woman and telling how she always did such nice things for people. On the floor sat a little girl playing all by herself, and although they didn't realize it, taking in their conversation.

"That's what I'd like to do," said the little girl. "I'd like to do nice things for people but I can't ever think of them."

That's what is wrong with most of us, we'd like to do nice things for people if we could just think what to do. —H. L.

**MOMMY** was somewhere and couldn't be home for supper so father fixed supper for himself and their young son, and did a pretty good job. Then he started to wash the dishes. He picked up the soap powder and put some in, expecting it to suds, but it didn't. He put some more in, but no suds. He added more and still no suds. He was mighty put out. Why would his wife buy soap powder like that, he wondered.

When she came home he told her about it.

"Let me see what you used," she said.

He reached in the cabinet and pulled out the can. It wasn't soap powder at all — it was kitchen cleanser.—H.L.

## Thinking It Over

**By Robert L. Dieffenbacher, D.D.**  
Lewd and immoral publications as well as crime-centered magazines appear to be expanding their markets. These degrading magazines would not be distributed if the public did not accept them. They would not be read if there were not an interest in a degree of depravity.

In contrast to this lowering of standards millions of people are turning to God in evangelistic campaigns and in rapidly increasing church attendance. This encouraging trend gives hope for humanity, but the trend is not great enough.

The people turning to God and those turning to Satan must be coming from the lethargic, indifferent middle group of Americans. It appears that a great vacuum is being developed between the contrasts of good and evil. A vacuum tends to be filled.

Every man and woman of faith must work to bring his fellow men up from the bottom and to erase degradation. We must witness daily for the higher way of God so that those who have turned to God may not become indifferent again.

A legal checkup can give you added financial and legal protection, just as a physical examination can guard your health.

**To The Cleaners**  
DENVER (AP) — A cleaning company employee found five \$100 bills in the pocket of a man's suit left by a customer. He telephoned the man's house and got the wife. She seemed amazed, but lost no time in rushing down to the cleaners and collecting the \$500.

# Legion-Sponsored Wrestling Nets Children Over \$500

## Even Match's Contestants Buy Tickets

It was a rip roaring, thrilling night, filled with excitement, which paid off to the Crippled Children's Center Wednesday night in the opening of the 1958 season of wrestling at the National Guard Armory. The Center will receive more than \$500 from the proceeds of the matches, and some 1,158 fans were entertained to the "nth degree."

The Pettis County Post No. 16, American Legion, who sponsor the semi-monthly matches in Sedalia, provided this one benefit show, with all profits to go to the Crippled Children's Center. Members of the post spearheaded a ticket sale which paid off dividends.

Promoter Gust Karras made arrangements to get the all-star card at a nominal cost, and everybody paid. Even the wrestlers paid their "buck" to get in and wrestle.

"It's the first time I ever paid to get to see myself wrestle," Joe Dusek remarked, "but it was well worth it."

Wrestler "Rip" Hawk, who waited through the front door with two friends, got in the dressing room and when he learned about the fact the profits went to the Center, danced right back out and bought three tickets.

The only substitution was Joe Hamilton, younger brother of Larry, who took his brother's place.

## Middies Head Home After Beating Rice

DALLAS (AP)—A Navy squad Coach Eddie Erdelatz calls "the greatest team I've ever been associated with" headed home today with a 20-7 Cotton Bowl victory over Rice.

Tom Forrestal passed and piloted the Middies to a 20-0 lead by the early part of the third period yesterday. Then Navy hung on as Rice surged to a touchdown and powered on a 95-yard drive that reached the Navy 2 as time ran out.

Navy, Eastern champion, now has a victory in the Cotton Bowl, one in the Sugar Bowl and a tie in the Rose Bowl. It has never lost a bowl game.

It was the first bowl loss in five appearances for Rice.

Forrestal passed for 153 yards and ran for 34. Ned Oldham and Harry Hurst chipped in 50 yards and a touchdown each for Navy. Second-stringer Roland Brandquist picked up 36 yards for Navy and recovered the Rice fumble which set up the first Middle touchdown.

Sophomore quarterback Joe Tranchini got the first Navy touchdown on a one-yard plunge. Hurst went 13 for his and Oldham 19.

Rice's touchdown came on an eight-yard pass play from quarterback Frank Ryan to Ken Williams. Ryan gained 151 yards passing and 69 running. King Hill, Rice's All America quarterback, showed little, gaining 13 yards passing and 14 running.

Brandquist covered a Ryan pass for Navy on the Rice 33 and the Middies went to their first score just before the end of the first period.

In the second period, Forrestal hit Pete Jokanovich regularly on a 66-yard TD drive with Hurst scoring on a run from the 13.

Navy end John Ruff recovered a fumble by Ray Chilton on the Rice 20 and Oldham scored from the 19 to make it 20-0.

Late in the same period, Bobby Williams of Rice intercepted a Forrestal pass on the Navy 36. Ryan's passing to Buddy Dial and Ken Williams put the ball on the Navy 8. Ryan then hit Williams on the 1 and he dove over. Hill converted.

## Tennis Play Resumes Despite Wet Weather

TAMPA, Fla. (AP)—Earl Buchholz, St. Louis, eighth seeded player in the Dixie Tennis Tournament, beat the rain and Bill Heyck of Tampa 6-2, 6-0 in a first round match yesterday.

Showers, which fell for hours, washed out other matches involving seeded players.

In their first round play, Bert Brown of Los Angeles, defeated Rod Sussman of St. Louis, 6-2, 6-4. In a second round match, Jim Shaffer of St. Petersburg defeated Rog Kelder of Clearwater, 6-1, 6-2.

Sylvia Hardaway of Tampa defeated Louise Brown of Toronto 6-4, 6-0 in women's first round. Susan Butt of Victoria, British Columbia, defeated Sandy Warshaw of Tampa 6-0, 4-6, 6-1 in the second round.

Judy Alvarez of Tampa won by default over Donny Floyd of Arlington, Va.; Zoe De Mondoza of Havana won by default over Martha Hernandez of Mexico City and Maria Burna of Brazil defeated Inge Weber of Kitchener, Canada 6-0, 6-1.

on the card. Larry was scheduled for Amarillo, Tex., and had to leave early and could not fill the Sedalia commitment. Joe took over and proved just as powerful as his "big brother."

The team of Ronnie Etchison, Joe Hamilton, both of St. Joseph, and "Red" McIntyre, Ottumwa, took the two important falls in the three-fall, six-man team tag event, over the team of Joe Dusek, Omaha, Rip Hawk, Hollywood, Calif., and Tommy O'Toole, Chicago.

Hawk pinned McIntyre in the first fall period after nine minutes of rough and tumbling of the six giants. It was won with the giant swing. Then in the second fall period McIntyre returned the favor in four minutes and 51 seconds when he succeeded in taking over after the men had all had a series of events in the ring. McIntyre used the swing and body press to win.

The final fall was won by Etchison over O'Toole, using his famous knee drop and body press. It was a period filled with action, as all six men got into the affair. It took seven minutes and 57 seconds to win the fall.

In the opening event on the card O'Toole and McIntyre went to a 20-minute draw.

The second event was won by Etchison over Hawk, in four minutes and 37 seconds. Hawk was disqualified by Referee Bobby Bruns.

In the semi-windup, Joe Dusek proved the more powerful over Joe Hamilton. But it was a rough tough-and-go event. Hamilton succeeded in taking the first fall in 11 minutes and six seconds using the giant swing, slam and body press. Then Dusek using the step-over-toe-hold took the second fall in nine minutes and seven seconds, repeating the hold for the third fall in one minute and 40 seconds.

Legion officials reported their early checking of the proceeds indicate at least \$500 will go to the Center. Several more dollars will be added to the contribution as soon as necessary expenses are checked and paid.

It was the largest attended wrestling show seen in Sedalia in many years, and the attendance was surprising not only to the sponsoring Legion, but to the promoter, wrestlers and others. The crowd apparently was well-pleased with the results of the matches, judging from its applause, screaming and booing of the "villains."

## Brown Ends Mississippi's Frustration

NEW ORLEANS (AP)—Quarterback Raymond Brown gave one of the greatest one-man performances in Sugar Bowl history to end Mississippi's frustration in the New Year's Day event.

The Rebels' 39-7 victory over Texas was a tribute to Brown's driving power, masterful passing and deceptive faking. He scored two touchdowns, one on a record-smashing 92-yard run, passed for one and set up another with a pass interception.

The 190-pound senior won the Warren V. Miller trophy as the outstanding player as Mississippi made up for Sugar Bowl losses to Georgia Tech (24-7) in 1953 and Navy (21-0) in 1955.

"Brown played his best game today," Rebel Coach Johnny Vaught said, "but every guy we had in there was ready."

"He played better against us than any other quarterback this season," said Texas Coach Darrell Royal.

Brown gained 157 yards running, completed three passes for 24 yards, intercepted three Texas passes and managed a 34.7 yard punting average although aiming for the sidelines. He had one kick go out on the 7.

Mississippi took a 19-0 halftime edge after Brown intercepted a pass by Texas quarterback Bobby Lackey and returned it seven yards to the Texas 20. On the fifth play halfback Kent Lovelace sprinted nine yards to score.

Mississippi added a touchdown in the third period on a 52-yard march before Texas could get its offense clicking.

The Longhorns moved 33 yards for their touchdown, with halfback Max Alvis smashing the final two.

Otherwise they had only limited success against the tough Mississippians, who intercepted four Texas fumbles.

## Cardinal Infielder Given Honor Plaque

SADDLE BROOK, N. J. (AP)—St. Louis Cardinals infielder Joe Cunningham was presented with a plaque honoring him for "putting Saddle Brook on the map" by Mayor Frank Sheara at the final meeting of the 1957 Township Committee yesterday.

Cunningham is returning to St. Louis tomorrow after a holiday visit with his parents.

## Gonzales Downs Hoad In Tennis Match

## Lions Club Tourney Set For Feb. 3

### Committee Plans Table Tennis Between Games

The annual Sedalia Lions Club Invitational Basketball Tournament dates have been set for Monday, Feb. 3, through Saturday, Feb. 8. The tournament will again be held in the gymnasium of Horace Mann School.

The tournament will be a 16-team single elimination. The schedule calls for three games the first four nights, and two games on the last two nights.

W. C. Ream, tournament chairman, stated the committee has planned a unique tournament in connection with the basketball play. It will be a table tennis tournament which will be played between basketball games.

"Our plan calls for the placing of three table-tennis courts on the basketball court for play. The winners of the table-tennis tournament will receive trophies," Ream said. "It is open to all table-tennis players with a slight entrance fee of \$1 per person."

"Holding this type tournament in conjunction with the basketball tournament is something new and different," he said. "It should be of great interest to the players and something for sports fans to witness."

Entrance fee for the basketball teams will be \$12.50, with a forfeit fee of \$20. The forfeit fee is to be returned to the teams after a team has completed its own play in the tournament.

Expense money will be allowed the teams finishing in the first four place.

Since the announcement several weeks ago that the Lions were contemplating the holding of the tournament again in 1958, several team managers have already contacted the committee with hopes of getting in on the 16-team bracket. Ream announced the committee has decided to accept the first 16 teams which pay their entrance and forfeit fees.

The committee is composed of Ream, L. R. Parker and K. A. Buchholz, all acting as co-chairmen.

## Top Cagers See Action As Year Ends

By THE ASSOCIATED PRESS

West Virginia and Kansas—the nation's top-ranked college basketball teams—go into action tonight as the deluge of holiday tournaments dwindles to the vanishing point.

West Virginia, No. 1 in the Associated Press poll, entertains Canisius in its first game since shattering North Carolina's 37-game winning streak in the Kentucky Invitational Dec. 21.

Kansas, also unbeaten, goes after its 11th in a row by entertaining Oklahoma State.

The Senior Bowl tourney at Mobile, Ala., and the New Hampshire Invitational at Durham, N.H., also wind up tonight. The Citadel plays Spring Hill for the Senior Bowl championship while Harvard tangles with Amherst in the New Hampshire final.

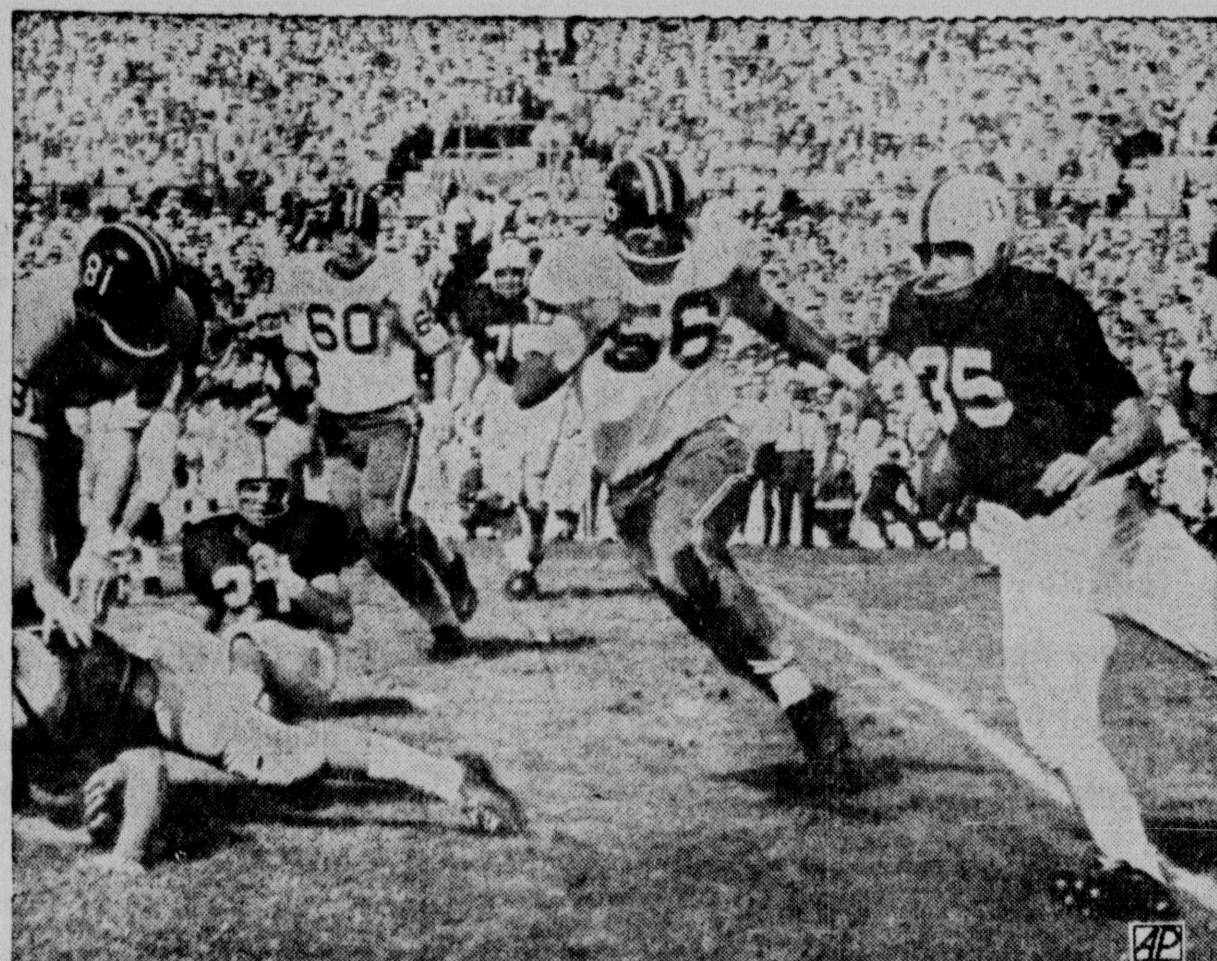

Both The Citadel and Spring Hill won first-round games last night in the final seconds. A long field goal by Ray Graves with 10 seconds left gave The Citadel a 59-57 triumph over Florida State.

A one-handed shot by Jim Carney that went into the net just as the final whistle blew gave Spring Hill a 69-67 victory over Georgia.

## Wildcats Beat Tigers For 65-52 Triumph

The Hughesville Wildcats pounced on the Green Ridge Tigers for a 65-52 PBCAA Conference triumph on New Year's Eve at Hughesville. The 'Cats hustled into a 16-13 first quarter lead and sewed it up in the second period with a 20 point outburst. Green Ridge was limited to ten points in the game - deciding second frame.

Jimmy Martin pumped in 22 points to pace Hughesville, followed by Melvin Monsees with 15, and Gaylon Gray and Lawrence Weathers with ten each. For Green Ridge, Terry Durrill netted 24 points for high scoring honors, off on the living room couch.

OKLAHOMA IN EARLY GAIN—Clendon Thomas (35), Oklahoma halfback, is off around his left end for yardage in the first period of the Orange Bowl football game at Miami, Fla. Duke tack-

### Field And Stream

## Public Trout Fishing Area In Works Below Table Rock

Plans for the operation of the public fishing area below Table Rock dam in Taney county were approved by the Missouri Conservation Commission at its December meeting in Jefferson City.

The land, to be managed by the commission, begins a short distance below the power station at the dam and extends more than a mile downstream along both banks of White river. It lies into the state park development there, but is not a part of it. The area will provide free access to the public for trout fishing in that portion of the stream and there will be no fee for fishing on land managed by the commission.

The area will serve as a focal point for stocking White River and Lake Taneycomo with rainbow trout. However, all trout releases will not be made at that point. Plans have been completed for rearing ponds on the area to raise fry trout to proper size for release.

Cold waters coming from Table Rock dam will lower downstream water temperatures to the point that rainbow trout should thrive better than warm water species. Cold water interferes with spawning of warm water species such as bass and walleye, seriously reducing their populations. Trout should be able to thrive in Taneycomo and the headwaters of Bull Shoals also.

### NEW TROUT RULES

Many trout fishermen in the state seem confused about a new regulation for the coming year at Bennett Spring state trout park, if inquiries reaching the Missouri Conservation Commission are an indication.

Dan Sauls, assistant director and chairman of the regulations committee, explained that the experimental regulation does not try to limit the method of fishing, but the type of lure used. Any type of fishing gear can be used in any sections of water, he said, as long as the correct type of lure is used.

The essential portion of the regulation reads: "(1) — That section lying between Bennett Spring and the dam to be set aside as Fly Fishing Only water. (This represents approximately one-third of the total length of the Spring branch). A fly, as defined by this resolution, shall be constructed on a single-point hook, of feather, tin, chenille, yarn, fur, silk, rayon or nylon thread or floss, plus spinner."

"(2) — That section of the branch extending from the dam to 'Suzy Hole' to be set aside for the use of Artificial Lures Only. (Artificial lures shall include plastic worms. This section includes about half of the fishing waters)."

"(3) — That section of the branch extending from 'Suzy Hole' to the mouth of the branch to be set aside as bait water and restricted to the use of Natural Bait Only."

Flyes are artificial lures, so flies can be used in the area set aside as artificial lures water. There has been agitation for such a regulation for some time, but it was adopted on an experimental basis at Bennett Spring only in anticipation of the opening up of new trout waters over the state, greatly increasing trout fishing possibilities. Also, the regulation is only an extension of the fact that there have always been certain areas in the trout park where only artificial lures could be used.

### HOLE IN THE HEAD

People shoot themselves in the darndest ways. Warren Page, shooting editor of NEA, writes of a young lady in California who had been fussing around with a .22 rifle. She left it, obviously loaded, probably cocked with the safety off, on the living room couch.

The family pooch jumped up on the divan and timed his jump just as the young lady was returning to the room from other business. The pooch's paw hit the trigger; the bullet from the .22 hit the lady.

We can hardly chastise the pup for potting his mistress. He didn't know the rifle was loaded. And since the function of the rifle is a very simple one; to blow a bullet out of its barrel whenever its chamber is loaded and the trigger is permitted to fire the round when the trigger is moved by either dog, man or young lady; we can hardly put the bee on inanimate wood and metal.

What was the wounded young lady doing monkeying with the .22 in the house anyway? If she were cleaning it or otherwise inspecting the piece, did she load it and if so why?

One place, after all, where there is no room for a loaded gun of any description is the family living room. Even assuming that it was loaded for a reasonably legitimate reason, as for example to take a potshot out of the window at a chicken-chasing hawk or weasel, how come she hadn't put the safety at the "on" position?

Every step of the way the damsel's procedure was nonsensical. That's the truth about the vast majority of such "accidents."

He or she who dimly pulled loaded guns off car seats or leaves them lying around the house, or tries to clean guns when they are loaded, is simply trading a hole in the head for another hole in the head. Accidents of this nature don't just happen. They're made.

## Mascots Mixed Up At Cotton Bowl Game

DALLAS (AP)—The Mascots at yesterday's Cotton Bowl, where Navy defeated Rice, 20-7, got little glory from the game.

Rice's 5-foot-tall Owl, made of fiber glass, disappeared right in the middle of the game in full view of 75,504 fans. It was discovered minutes later being carted away by a group of Midshipmen.

After a sharp tussle and a tug of war, the bird was returned to the Rice rooting section where it was guarded for the rest of the game by two policemen.

Texas Bill, the white billy goat given to the Navy here after the Midshipmen couldn't bring their own Mascot from Annapolis, finished the game with even less glory.

A left hook dropped Sawyer for a mandatory eight count in the eighth, and he barely made it to his feet in time after a series of rights and lefts floored him in the ninth. The bell found Sawyer a human punching bag against the ropes at the end of the ninth.

## Don Sutherin Gives Buckeye Team a Win

PASADENA, Calif. (AP)—Ohio State's Buckeyes, if they want to be fair about it, should chip in to have third-string halfback Don Sutherin's right shoe gold-plated.

The 194-pound senior came off the bench to boot a fourth-period field goal from the 24-yard line yesterday, giving the nation's second-ranked team a squeaky 10-7 verdict over Oregon's 19-point underdogs before 98,202 in the 44th Rose Bowl game.

The shaky Pacific Coast Conference, which has seen its representatives drop 11 of the 12 games with Western Conference foes since the pact was signed in 1947, figured this one was a moral victory.

It came close to being more than that as the Webfoots out-gained Woody Hayes' stalwarts 351 to 294 yards and had 21 first downs to Ohio's 19. It was the most first downs scored against the Bucks this season. The Ohio point total was its lowest of the campaign.

The scoring was short and sweet. The Bucks took the opening kickoff 79 yards in 13 plays from their first touchdown, quarterback Frank Kremblas sneaking for the counter after throwing a 37-yard "third and 18" pass to sophomore end Jim Houston on the one-yard line. Kremblas converted.

The Ducks marched 80 yards in 10 plays, in a drive which bridged the first-second quarter intermission, with halfback Jim Shanley taking a pitchout from quarterback Jack Crabtree and circling end for five yards. Halfback Charley Tourville swept Kremblas out of the scoring path with a bowl-shaking block. Fullback Jack Morris booted his 14th conversion in 19 attempts to tie it.

In the third quarter Morris missed by inches a field goal from the 24-yard line. The Bucks took over on the 20, and in 13 plays, all on the ground, battered their way to the Webfoot 17.

With only 58 seconds gone in the final period, Sutherin came off the bench, and with Kremblas holding, angled a 24-yard place-kick between the uprights for the winning margin.

## Figures Don't Lie

# Four Favored Bowl Teams Are Winners

By ORLO ROBERTSON  
The Associated Press

The winners of the four major football bowl games proved that figures don't lie. Favored Navy, Oklahoma, Mississippi and Ohio State came through with individual star-studded victories.

Navy, the nation's No. 3 team in total offense and ranked fifth in the final Associated Press poll, walloped Rice 20-7 in the Cotton Bowl. Oklahoma, seventh in total offense and ranked fourth, ripped out a 48-21 decision over Duke in the Orange Bowl.

Mississippi, eighth offensively and ranked seventh, buried Texas under a 39-7 score. And Ohio State 11th in total offense with No. 2 ranking, edged Oregon 10-7.

The surprise of the four games was not the outcome but the margins of victories. Navy, Oklahoma and Mississippi all were favored but by no such one-sided scores.

By contrast, Ohio State was picked to finish in front by three touchdowns. Yet it took a field goal in the final period to settle the issue between the Buckeyes and the Webfoots.

The Ohio State victory gave the Big Ten a 11-1 margin over the Pacific Coast Conference in the series, which started in 1947.

Louisville defeated Drake 34-20 in the Sun Bowl. Prairie View A&M and Texas Southern tied 6-6 in the Prairie View Bowl and East Texas State nosed out Mississippi Southern 10-9 in the Tangerine Bowl.

Prairie View put together its six points with a safety in each of the last three periods after Texas Southern had scored in the first quarter.

The four major bowls, played before national television audiences, were sellouts. The largest crowd of 98,202 was in the Rose Bowl at Pasadena, Calif. The Sugar Bowl in New Orleans was jammed with 82,000 fans, the Orange Bowl in Miami with 76,318 and the Cotton Bowl at Dallas with 75,504. The addition of 23,000 at the three smaller bowls brought the total turnout to 357,024.

Among the day's stars were Navy's Tom Forrestal, Mississippi's Ray Brown, Oklahoma's Dave Baker and Ohio State's Don Sutherin.

Forrestal, directing an almost flawless attack, passed for 153 yards and chipped in with some fancy running as the Middies picked up 375 yards through the air and on the ground.

Brown ripped off one run of 103 yards (92 yards from line of scrimmage) as he scored two touchdowns, passed for another and set up still another with a pass interception.

Baker made an Orange Bowl record when he intercepted a Duke pass and raced 94 yards for the first Oklahoma touchdown.

Sutherin, a substitute halfback, provided the finishing touch to Ohio State's victory with a 17-yard field goal.

Navy completely dominated the Rice Owls but missed several opportunities to score because of penalties and fumbles. A pass interception set up the Southwest Conference eleven's lone touchdown.

## Vodka Price Increase Told by Red Radio

LONDON (AP)—Imbibing is going to cost more in Russia.

Moscow radio today announced an immediate increase in the prices of vodka, wine and "a number of industrial goods of secondary importance."

"The retail prices of a number of other industrial goods have been reduced," the radio said.

The broadcast didn't say how much things were going up or down.

## Offers Some Predictions About Movies

By BOB THOMAS

HOLLYWOOD (AP)—Now is the time for all good men to peer into the future and see what 1958 will bring.

I shall not shrink from my annual venture into the occult, even though the risks are great and the rewards infinitesimal. But New Year's Day columns must be written, so let's go.

It will be a happy new year for the movie industry, oddly enough. The outlook couldn't have been darker than it was in 1957 but the film business often thrives on peril. When times are lush, quality goes down. When times are poor, everyone works like beavers to make better pictures.

Only better pictures will save the business. And those that have been projected for 1958 have the ring of excitement and prosperity about them.

This doesn't mean that it will be smooth sailing for all the film studios. Unfortunately, a few of them are still living in the past. Unless they face the facts of life, at least two studios may go under. Elvis Presley will be drafted, as millions cheer. Millions of American parents, that is.

Lauren Bacall and Frank Sinatra will marry. How's that for fearless predicting?

The top winners of Academy Awards will both be British-born. That's the only hint you get for now.

"The Bridge on the River Kwai" will be the picture to beat in the Oscar sweepstakes.

Love will find Lana Turner. It usually does.

"South Pacific" will be the box office winner of 1958.

Drama will be the movies' chief commodity. Westerns, musicals and comedies will be scarce, since folks can get all they want on TV.

Westerns will continue to be hot as a two-buck pistol on TV; comics will make a comeback.

Marilyn Monroe will return to Hollywood for a movie.

Jayne Mansfield will marry Mickey Hargitay and go on an austerity kick. That I've gotta see.

Brigitte Bardot will take over as the new sex queen of the movies.

On that promising note, I'll stop to wish you a happy new year too.

## Cannon Cautions Against Defense Spending Spree

WASHINGTON (AP)—Chairman Cannon (D-Mo.) of the House Appropriations Committee cautioned today against a government spending spree under the guise of national defense.

"Where the national defense is concerned, we cannot count the cost and we must provide all the money necessary," he said in an interview. "But that's no reason why we should get hysterical and spend vast sums of money that aren't necessary."

"A great many people are going to use national defense as a reason to bolster their requests for bigger appropriations," Cannon added. "To them, Sputnik is a godsend. The pork barrel fellow says we still must have our pork."

The pork barrel reference was to annual bills providing for local projects such as river and harbor and flood control programs, on which many members base their election campaigns.

Some Congress members already are contending that such projects add more than their cost to the nation's wealth, and must not be neglected.

Because of the obvious need for more money for national defense, particularly in the missile field, Cannon said, "We must be all the more economical with the things we don't have to have."

## Skelton's Condition Is Reported Better

SANTA MONICA, Calif. (AP)—Comedian Red Skelton's condition is described as slowly improving but still serious.

An attack of asthma and lung congestion carried Skelton to the brink of death Monday night.

"I can't honestly say that he is past the danger stage yet," his physician, Dr. Garth K. Graham, said last night.

Members of his family paid Skelton a New Year's Day visit in St. John's Hospital.

## TV Newsmen Give Review Of Old Year

By CHARLES MERCER

NEW YORK (AP)—Although television journalism has been of age for some time now, its development was forcefully evident to all who saw the year-end reviews and forecasts by the three major networks.

All varied in format. Each showed superiority over past efforts.

For a long time CBS-TV appeared ascendant in the field of news coverage and interpretation. This no longer is the case. The news staffs gathered by NBC around Chet Huntley and by ABC around John Daly leave no network with a clear advantage in the field of news.

It's an oversimplification, but a general truth, that all human communication falls into two forms: plain or fancy. John Daly on ABC Sunday chose a plain and forthright presentation of the news of 1957 and the outlook for 1958. Chet Huntley and his staff on NBC chose a more elaborate approach.

Edward R. Murrow and CBS correspondents remained with their traditional round-table discussion method after a full hour of straight news review by Robert Trout.

CBS and NBC correspondents enjoyed editorial comment, a luxury every reporter desires. ABC correspondents were more closely confined to the facts of the news—and let the facts speak for themselves.

The conclusions by the newsmen of all three networks were the same, whether enunciated or implied:

We, as a nation, are in troubled times. The problems of racial integration show that our own house is not in order. In the international arena we have lost strength. We desire strong leadership. We must tighten our belts economically and foster our best intellects if we are to remain a first-class power.

It was a pleasure to hear such freedom of expression on television, a medium so frequently accused of timidity.

These unsponsored programs cost the networks large sums of money. If prosperity encourages more of this kind of programing, may 1958 be highly prosperous for all of them.

## Film Industry Schedule Low In Production

By BOB THOMAS

HOLLYWOOD (AP)—The film industry greets the new year with one of the lowest production schedules in years—only eight pictures shooting in Hollywood.

But the outlook is not as grim as it seems. The studios are full of plans to speed up production after the seasonal letdown. And reports from the nation's theaters have buoyed up hopes that audiences can be lured back to movies. The blue-ribbon holiday attractions are doing fine business.

Nor is the economic outlook bad for movie workers. Although the major studios are slowed down to a crawl, no less than 79 TV series are being filmed in Hollywood.

Gary Cooper is outspoken concerning his takeover of the "10 North Frederick" role after Spencer Tracy's death.

"He must be nuts to turn down a role like this," Cooper remarked. "You hardly can find scripts like this any more."

The screen is getting franker and franker. "In 'A Farewell to Arms,' Jennifer Jones refers to herself as a lady of the evening, using the common word. Old-timers don't recall ever hearing the word in a movie before."

It's a sad sight to see Paramount requesting a postponement of Elvis Presley's draft. Not because there's anything wrong in the delay. But because it's sorrowful to see a once-proud studio seeking salvation with the Presley brand of entertainment.

Sign of the times: Variety has

added a new section to its entertainment pages—"television."

### Girl Found in Shock After Teenage Party

FREEPORT, Ill. (AP)—A 14-year-old girl was found unconscious early yesterday on a snowy lawn where she apparently had lain in near-zero weather for several hours after leaving a New Year's Eve party for teenagers.

The girl, Georgia Sloessiger, was hospitalized with both legs and her feet frozen. Hospital authorities said she was in deep shock and unable to answer questions. They said it would be several days before it could be determined if amputation of the girl's legs would be necessary.

Police Chief Walter Marsh said there appeared no evidence of foul play. He said the girl's coat was missing but her shoes were found in the yard.

Marsh said Georgia had left home Tuesday night to visit a girl friend and had taken taxi fare for the trip home. When she failed to return home after midnight, her parents learned she had left her friend's home alone at 12:30 a.m. to go to a teen-age party.

More than four hours later Mr. and Mrs. John Rust, who live near the home where the party was held, found her lying in their yard and called police.

## No Reason For Any Panic During 1958

By SAM DAWSON

NEW YORK (AP)—Doffing their usual rose-colored glasses this time the American people are looking at 1958 with misgivings but without panic.

Here's the outlook for your job and pay, the cost of eating, outfitting your family and buying and furnishing a home, of buying and paying for a car, and of meeting your tax bills:

**JOBS**—Will be harder to find as the new year starts.

Wage scales will continue to rise, some automatically. But before spring the factory work week may be shorter, take home pay smaller. The number of jobless usually rises in January. This time some labor experts fear it may come close to four million, and may be still higher by spring.

**PERSONAL INCOME**—Slipping a little for the first time in months. Farmers' income is expected to hold at about the 1957 rate. Those who deal in services may charge a little more. Factory workers will have less for a time. Dividend payments are threatened by dwindling corporate profits. Savings totals still rise. But delinquencies in installment payments increase and repossession are a bit more frequent.

**LIVING COSTS**—Lower in the January sales and then leveling off or rising slightly.

Keener competition will help the consumer find bargains. But working to offset this is the still-increasing cost of doing business. And services are likely to be more costly and to take a bigger chunk of most paychecks.

**FOOD**—Prices will move seasonally but show little change from 1957.

Weather willing, there'll be more food than ever as farmers get more from an acre. A large supply of corn and other feed promises more hogs and chickens, more feeding of cattle.

**CLOTHING**—Prices will be held down by competition.

Cotton prices and those of some cotton goods are rising now. But wool prices are softening in Australia, foreshadowing some relief when you buy next fall's suit. The textile and apparel industries have more capacity to produce than they have demand to fill.

**NEW HOMES**—Will be costlier but more plentiful.

Building costs have kept on rising. In 1958 home building should

be helped by an easing money market with perhaps lower down payments and slightly lower interest charges. Furniture sales volume, which dipped a little in 1957, should revive as more houses are built. Easier money should help more appliance sales, but competition is intense at manufacturing and retail levels and price deals should be numerous.

**NEW CARS**—More plentiful, more gadgetry, more costly.

Higher price tags and recently raised financing charges, coupled with price weakness in the used car lots, worries dealers and sends customers shopping around. The auto maker plans one of the keenest competitive races in years—and that should help you if you're in the market.

**TAXES**—More painful than ever. Federal tax cut hopes went out the window with Sputnik. State and

local governments are looking for more ways to tax. You can't win. ADD IT UP—And you have in store for you in the months just ahead what President Eisenhower

calls a breather, meaning not so good, but not too bad either.
